

British Columbia Ambulance Service

Patient Thank You Email January 18, 2011

I would just like to thank the paramedics who helped me last night (January 18) when we thought I was having a heart attack. They did tell me their names, but I'm afraid I don't remember them. They picked me up about 11 pm on Duchess St. I would especially like to thank the lady paramedic (Blond ponytail) who got warm blankets for me at the hospital, because I was so cold. Thank you both!

Sue McCaskill
