Attention: Lee Doney, CEO Emergency and Health Services Commission

Dear Mr. Doney:

I would like to express our appreciation to you for your training support with the ACT High School CPR Program. Ashcroft Secondary School was fortunate to host the Teacher Training Workshop sessions on our site and to work with staff from throughout the School District. The response from staff was extremely positive and we are pleased that we can work with our students and teach them these fundamentally critical skills.

Your contributions to the ACT program enable us to work with increasing numbers of people to raise awareness to the importance of CPR training and continually reinforce to each of us our responsibility to care for others should the need arise. Having such good equipment, and the trained staff to develop skills in others, is of huge benefit to our small communities.

The BC Ambulance Service and the Ambulance Paramedics of BC do incredibly difficult and valuable work in the province every day. We are indebted to you for that and very appreciative. Your staff did an excellent job of passing on their knowledge to teachers, and we hope to dignify their efforts as we train our young people. Thank you very much for your thoughtful support of this worthy program.

Sincerely,

Scott Cobbe
Principal
