Dear Sarah

We're pleased to know that there is a Paramedic Appreciation Week as we had been wondering how we could let someone know just how much we appreciate the Paramedics who have attended to my husband and myself in the past year.

We have had to call for the ambulance four times and each time we had different paramedics who were the most caring people. When my husband had pneumonia, I went along with him to the hospital. I, too was very sick with a cough and the driver was very kind to me also, and advised me to get treatment, which I did.

We have had to call the ambulance three other times for myself and each time, the paramedics were the very best and extremely kind. I don't know what we would do without such kind professional people.

I do not know how they handle some of the awful accidents that they have to deal with, so we want to thank them so very much for the great work they do.

I hope we do not ever need them again but if we do, we know we will be given the best treatment.

Thanks so much,

Sincerely

Jennifer and Ernie Bertram
