

Harrison Hot Springs

I am a retired physician presently living in Harrison Hot Springs, BC and occasionally neighbours will call me for advice if they are having health problems. On four occasions, the most recent being today, June 30th, I have had dealings with the ambulance/paramedical personnel of Agassiz/Harrison Hot Springs. Each time, I have been extremely impressed by their promptness, professionalism and caring demeanour.

The BC Ambulance Service, paramedics and dispatchers are to be congratulated as they are a very important component of the BC Health System. They deserve an Appreciation Week.

Kenneth M. Carlson, M.D.
